SCENES OF HORROR!

The Terrible Destruction by Tornadoes and Fires Throughout the Country—The Kansas Cyclone.

HUTCHISON, Kan., May 8.—The wind storm which has been raging over Kansas for the past three days and nights, culminated in a destructive cyclone in the eastern part of Stafford county Monday night. The district visited was but sparsely settled; had it been otherwise, the loss of life and property would have been something terrible. As it is, there is scarcely a vestage of farm property remaining. Houses and barns were demolished, trees torn up by the roots and in many places the growing crops were literally blown out of the ground. Last Saturday the wind began blowing a gale from the south. This continued to increase in velocity throughout Sunday and Sunday night and by Monday it had become a hurricane.

The casualties so far as known are: William Crawford, killed outright, neck broken; William Bolt, fatally injured; Oliver Beard, hurt so that he cannot recover; Jasen Beard, internally injured and will die; A. T. Guinup, internally injured; Mrs. Guinup, internally injured, and her babe had a thigh broken and otherwise hurt—the mother is expected to survive; Mrs. Lindsay; seriously hurt; a little girl of Geo. Deves, fatally injured; S. S. Crawford, fatally injured; Mrs. J. Love, seriously injured; Peter Scarlet, leg broken; Mrs. John Bartlett, shoulder blade broken and other injuries, will die; Wm. McVey, internally injured, cannot recover; Joseph Ferris, injured about the head, will die.

The path of the storm lay through Stafford county, extending from the southwest to the northeast, slightly east of the county. The first building struck was the farm house of E. Slade. The house was swept away and hardly a splinter of it left. The family were considerably bruised, but none have died. The next building to succumb was the home of A. L. Guinup; both the house and barn are gone. Mrs. A. Potter, a widow, had her house and stable blown away, but the family escaped uninjured.

The next house in the path of the cylone was that of Mrs. Lindsay, who lived with her two step-children, Maud and William Blue. The house was torn to pieces and Mrs. Lindsay so injured that she can scarcely recover. George Davis's house was demolished and his little girl fatally injured. S. C. Crawford's residence was blown away and his son William was killed out-right. J. B. Cook's large cattle sheds were destroyed as were J. W. Burns's. J. W. Love's house is a thing of the past, and his wife was thrown north of the house into a wagon to which she clung. It carried her 100 yards further. The spokes in the wheels were either blown out or knocked out by flying timbers. When found Mrs. Love was clinging to the tongue of the wagon. She is so injured that the physicians say there is no hope of recovery.

John Bartlett's house was carried away. His wife was blown one hundred feet away, and a hay rake blew on her, breaking her shoulder blade and her nose, and putting out one eye and injuring her internally. His oldest boy was thrown thirty feet and landed on his head. The three youngest were thrown one hundred feet into a pile of corn stalks and severely injured. Wm. McVey, aged seventeen, was thrown to the ground and struck by some flying boards from Bartlett's house; he is terribly cut, and it is believed he can not survive his injuries. The storm at Wichita was very violent, raising houses, barns and forest, and injuring many people.

As soon as the news of the cyclone reached Stafford a mass meeting was held and committees organized to carry on the work of relieving the distress in a systematic way. More than 100 people are left homeless and without food or clothing.

FARIBAUST, Minn., May 8.—Yesterday's storm raged here with terrific force all day. Fire started in the timber and destroyed immense quantities of wood, hay, fences and out buildings on the farms. The farmers abandoned their houses and removed everything to the open fields. The damage is $60,-000.

A CHAT WITH MR. HARDING.

THE SENTINEL representative found Mr. Harding in his office this afternoon. "Mr. Harding, have you promised or agreed to give the saloon interests unlawful privileges on the Sabbath?"

"No, sir; emphatically, no!"

"Are you going to enforce the Sunday laws?"

"That remains to be seen. I will let my record answer that question."

Mr. Harding resigned as justice of the peace to-day, and will assume the duties of mayor to-morrow.

ELECTION ECHOES.

Morris Cody before served in the council from 1661 to 1868.

James Fox is opposing Dennis O'Brien for street commissioner.

The mayor and marshal assume the duties of office at once. The clerk and treasurer do not go in until September.

The city board of canvassers met at city hall this morning to verify the vote of yesterday, and declare the result, according to law.

Mr. C. J. Sosenheimer was this morning assured of good and sufficient security. He gives a bond of $500.000, and will have men on the paper worth several times that amount.

Capt. Hugh M. Diehl is an applicant for Mr. Harding's position as justice of the peace. The county commissioners have the appointment and Capt. Diehl will be formidable in the race.

The late Judge J. L. Worden was elected mayor of Fort Wayne as an independent democrat in 1865, on precisely the same issue that Mr. Harding goes in on, "a strict enforcement of the laws."

Mr. Henry Franke was sworn in as city marshal this afternoon, by Mayor Muhler. He will file his bond in the sum of $5,000 to-morrow morning, and assume his official duties then. Mr. Dick Meyer is ready to surrender to him and retire to private life.

At the meeting next Tuesday evening the council will elect a city attorney, school trustee, street commissioner, city civil engineer, chief of the fire department, weighmaster, poundmaster, and marketmaster. At the first meeting in June the council will fix salaries.

A rumor was current this morning that Mr. Harding was ineligible because of the impression that a judicial officer could not aspire to another office. The law says that a judicial officer is not eligible to a non-judicial office, but he is eligible to a judicial office and the mayor is an ex-officio justice of the peace.

Mayor Muhler was at his office at the usual hour this morning and was as pleasant as usual. "A combination of circumstances operated against my election," said his honor, "but it is useless to recount them. I was true to every man on the ticket, and true to the party. I am satisfied and will withdraw as soon as Mr. Harding files his bond and qualifies."

The new council stands six republicans and twelve democrats, just as it did before the election. The democrats lost a councilman in the Seventh ward, Mr. Wessel's vacancy, but gained one in the Second, where Shordon retired. Gruber succeeds Woulfe, but Hilgeman succeeds Kelker. Cran succeeds Williams in the Sixth. Of the old council Shordon, Williams, Kelker and Woulfe retire.

Henry Bowman sues Fred C. Boltz, Josehp Derheimer, H. C. Paul, C. S. Bash and S. B. Bond for $3,000. Swayne & Doughman are his attorneys. Mr. Bowman asserts that the ditch company has trespassed on his land.

Wm. E. Singer and Katie Richards, Fred Busse and Lizzie Hockemeyer, Jacob Trembel and Mary Failour, Geo. Braitinger and Amanda Scheimann, Ferdinand Bornkamp and Henrietta Boehnker, have been licensed to wed.

Fanny Davenport drew a large crowd at the Masonic Temple last night. The play was very fine, and much appreciated by those who enjoy that kind of a play.

There is exhibited in the window of L. O. Hull's store, a sample of the "Pacrusta," which is having a great demand in the east for wall and ceiling decoration. It was recently introduced in the Oriental hotel, New York city, since which time there has been an increasing craze on account of it in Gotham. Mr. Hull told a SENTINEL reporter to-day that he has purchased the sole right to manufacture and sell the "Pacrusta" in Fort Wayne. Inasmuch as it has no equal for richness and elegance, it is destined to become very popular.

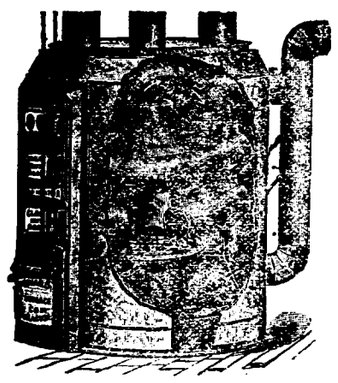
SHE'S A HUMMER!



The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most Scientific, Practical and Simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in some instances less. This furnace will also heat by means of hot water, thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casting as in all other furnaces. JOHN PRESSLER,

DEAF

Fort Wayne Sentinel.

E. A. E. HACKETT, Editor and Proprietor.

WEDNESDAY, MAY 8, 1889.

THE New York *Herald* is fifty-four years old.

LET us have a generous observance of Decoration Day.

IT will be twelve months before another election occurs.

IT can easily be seen that the people demand an enforcement of the laws.

JUST twenty years ago Fort Wayne had a republican mayor in the person of Henry Sharp. He served during the years 1867 and 1868.

TIME will tell if Mr. Harding has made a trade with the saloon-keepers and agreed to let them keep their places of business open on the Sabbath day.

THE Law and Order league in Cincinnati is doing effective work. Last Sunday more than 500 saloons were closed and the league is preparing evidence against those which kept open.

CONGRESSMAN OWEN, of the Logansport district, has secured the removal of thirteen railway postal clerks and the appointment of thirteen of his constituents in their places. The proof of incompetency of the clerks removed was furnished by Congressman Owen's statement that they were democrats, and so opposed to him. This should have promoted the men.

JUDGE JOHN H. STOTSENBURG, of New Albany, is said to have the only complete set of Indiana laws in existence. He completed the set only a short time ago with the laws passed in 1800 by the governor and judges of Indiana territory. In the volume mentioned are found laws passed in 1804 for the district of Louisiana, and, curiously enough, among these are found sections relating to slaves.

IT is the opinion of State Superintendent LaFollette, judging from the reports that have been received, that the enumeration of school children in Indiana this year will show a smaller proportion than in previous years, the decrease in some counties being from 300 to 500. This is due, he believes, to the care of the persons taking the enumeration to make it correct. In his instructions the superintendent requires affidavits from the enumerators and it is already evident that it will have a good effect. Fort Wayne, too, may regain her position as the third city in the state on the school calendar.

OUR DEFEAT YESTERDAY.

With to-day dawns a change in the municipal management. The official career of Mayor Charles F. Muhler ends and Mr. Daniel L. Harding assumes the duties and responsibilities as chief magistrate of the city of Fort Wayne.

Mr. Harding will find the fiscal affairs of the city in splendid condition, for Mr. Muhler's management of the varied and growing interests of the city was of the highest character, and in this respect he enjoyed the confidence and good will of the whole people.

In and out of season THE SENTINEL has maintained this position. It has also expressed its personal admiration for Mr. Muhler as a man and citizen. The very best part of his life he has given to the city of Fort Wayne. As councilman, chairman of the finance committee, and as mayor, it was he who wrenched depreciated city orders from the hands of speculators and raised them to par value, elevating at the same time the city to a cash basis.

His sterling honesty, his unimpeachable integrity and clear business tact permeated all the departments.

But the liberality of his nature and warmth of his heart led the saloon interests to continue their infractions of the law, and with them flourished the kindred vices. Believing an enforcement of the laws to be the community's only safeguard, THE SENTINEL argued for reform.

It did so because it felt that the people wanted relief and would sustain such a course, for on every hand were exhibited its crying needs. The Sabbath was scandalously desecrated, minors were permitted to cultivate the drinking habit, the sons of good parentage were led astray, and husbands, brothers and fathers to worse fates, heaping all the sorrows on their silent and suffering families.

The demands for a proper enforcement of the statutes were not unreasonable, they were not untimely and having made them in the highest sense of honor, in the interest of humanity's holiest cause, THE SENTINEL could not retrace its steps and place itself in a false light before the community.

Mr. Harding can very plainly see the errors that led to Mr. Muhler's defeat. It remains to be seen what course he will pursue.

MAX NISSLINGER.

His Petrole Fuel is Taking Big in the Northwest.

The Minneapolis *Tribune* says:

"A test was made yesterday morning of the new fuel known as petrole for the benefit of the members of the board of trade. The fuel is manufactured from sawdust, straw, cornocbs, tanbark, coal screenings, or any material which will absorb oil. A number of prominent manufacturers were present at the test and were well pleased with it. A company for the state of Minnesota will be organized soon in Minneapolis.

"The vice president, E. E. Steele, and Secretary McMillan, of the national association of stationary engineers, with A. Bennett, editor of their official journal, last night tested the petrole at the Holmes house boiler, between the hours of 7 and 12. These hours were chosen because then the greatest amount of power is needed, as 400 incandescent lights are running, and the elevator, etc., and about a ton of coal is generally consumed. A number of capitalists and other gentlemen interested in the test were present. The test was a careful and systematic one, and, as everything ran smoothly, the results will be very satisfactory."

A GREAT FIELD.

Not a Dry Well in the Blackford County Territory.

The Hartford City *Times* says:

"The wells to be used in supplying the Fort Wayne pipe line are of great capacity. The smallest well produces daily over a million and a half feet, while the largest is estimated at more than twelve million. The average of wells supplying the Standard's Toledo line is less than a million feet each. We are proud to state that Blackford county leads in quantity. It is quite true, as we have observed before, that Blackford county gas stinks, and we are glad of it. No man who has the sense of smell will be asphyxiated by Blackford county gas. It is said its stink will stop a clock in a tight room, but we doubt it. Twenty wells have been put down testing all the territory in the county and not a dry hole has been found. Yes, Blackford is the greatest gas county in Indiana.

Don't Get Caught.

This spring with your blood full of impurities, your digestion impaired, your appetite poor, kidneys and liver torpid and whole system liable to be prostrated by disease, but get yourself into good condition, and ready for changing and warmer weather, by taking Hood's Sarsaparilla. It stands unequalled for purifying the blood, giving an appetite and for a general spring medicine.

It is quite generally believed that if Lord Byron had lived a half century later, he would have made one of his famous stanzas to read somewhat thusly:

The drying up a single tear has more
Of honest fame than shedding seas of gore.
Pond's Extract's fame no wonder is so wide,
Which has the tears of countless millions dried.

Advice to Mothers.—Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferer at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to take. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels and is the best known remedy for diarrhœa, whether arising from teething or other causes. Twenty-five cents a bottle. Jan-27-1y

A NEW ROAD.

It is Projected From St. Joseph, Mich., to Fort Wayne.

Contractor Wm. McIvor, of South Bend, is at work with a big force of men and teams building a line between that point and St. Joseph, where the right-of-way is all secured.

Mr. McIvor is working under the direction of William Dallin, of Chicago. The road bed is to be completed and ready for the rails by July 15, and the track is to be completed and trains be running by October 1.

The people who are backing the enterprise have the money to push it through. Next year it will be built on to Fort Wayne in a direct southeast line from South Bend, via Milford Junction, Kosciusko county, where it crosses the Cincinnati, Wabash and Michigan and Baltimore and Ohio railroads. As near as can now be ascertained the line will be a feeder for the great Pennsylvania system, one of the most powerful in the United States, and crosses a country singularly free from railroads.

The line will be of immense advantage to this city's manufacturing interests, for it brings them in direct connection with lake traffic in lumber and iron and brings the city much nearer to the Michigan fruit regions and also the richest of Berrien county's fruit farming interests.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

Rome City for 1889—Excursion Season.

An elegant new station house, capable of protecting fifteen hundred people from sun or rain. The island has been improved, sleeping rooms overhauled, buildings painted, new restaurant and dance hall erected. All the old buildings have been painted, and with two dance halls, enlarged restaurant, with twenty-five new clinker boats added to the already large fleet there, makes Rome City the most attractive, cleanest and best resort for picnics or excursion parties in Indiana.

The lake is large; nicely wooded banks surround it, clean gravel or sand shores; no black muck or wild grass to prevent the landing of row boats at almost any point desired; while those desiring to view the beautiful waters, without partaking of the pleasure of boat-riding, can do so seated upon the lake's beautiful banks, nicely shaded, thus avoiding the hot rays of the burning sun.

Spring Medicine

For a good spring medicine we confidently recommend Hood's Sarsaparilla. By its use the blood is purified, enriched and vitalized, that tired feeling is entirely overcome and the whole body given strength and vigor. The appetite is restored and sharpened, the digestive organs are toned, the kidneys and liver invigorated. If you have never tried

Hood's Sarsaparilla

do so this season. It is a thoroughly honest and reliable preparation, purely vegetable, and contains no injurious ingredients whatever. Thousands who have taken it with benefit testify to its peculiar curative power.

"I take Hood's Sarsaparilla as a spring tonic, and I recommend it to all who have that miserable tired feeling." C. PARMELEE, 249 Bridge Street, Brooklyn, N. Y.

Makes the Weak Strong

N. B. If you decide to take Hood's Sarsaparilla, do not be induced to buy any other preparation.

Hood's Sarsaparilla is prepared from Sarsaparilla, Dandelion, Mandrake, Dock, Juniper Berries; and other well known vegetable remedies, by a combination, proportion and process peculiar to itself, and by which the full medicinal value of all the ingredients used is secured. Hence it possesses superior and positive curative power.

Purifies the Blood

"Every spring for years I have made it a practice to take from three to five bottles of Hood's Sarsaparilla, because I know it purifies the blood and thoroughly cleanses the system of all impurities. That languid feeling, called 'spring fever,' will never visit the system that has been properly cared for by this never-failing remedy." W. H. LAWRENCE, Editor Agricultural Epitomist, Indianapolis, Ind.

A Perfect Laxative

should be mild, prompt, and pleasant, with no griping or purgative effects. It should also incite the liver to action, aid digestion, and relieve the kidneys. Like nothing else, Paine's Celery Compound is a perfect laxative, and cures constipation where all other remedies fail.

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about five or six years and have found nothing that equals it in my case of costiveness." J. B. JENKINS, Teacher, Cloyd's Creek, Tenn.

"Paine's Celery Compound is prompt and pleasant. As a laxative it leaves little to be desired. I have great confidence in its merits." ALBERT LEONARD, *Associate Editor, Journal of Pedagogy*, Athens, Ohio.

"For two or three years I suffered intensely every night with severe pains in my bowels, which were habitually constipated. My bowels are now regular, and I have had no return of those pains since using one bottle of

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

THIRD POINT

You should read the CHICAGO DAILY NEWS because it's *an independent newspaper*. There are two sides to every political question, and THE DAILY NEWS gives them both with equal fairness. A party organ magnifies one side and dwarfs the other. No sensible man wants to be trifled with in this fashion. The time has gone by when American citizens expect to inherit their political opinions. They want to make their own—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, read an honest and independent newspaper—read The CHICAGO DAILY NEWS.

Remember—Its circulation is 220,000 a day—over a million a week—and it costs by mail 25 cts. a month, four months $1.00,—*one cent a day.*

WEDNESDAY, MAY 8, 1889.

A QUIET DAY.

Such It Proved to Be Around the Railroads and Manufacturing Centers To-day.

Ticket Agent Ross, at the south depot yesterday sold $1,200 worth of railroad tickets.

The Pennsylvania sent quite a party to New York last evening to sail for Europe.

Jos. Wooff, of the Pittsburg shops, has resumed work after a few days absence on account of rheumatism.

The Grand Rapids officials are making an inspection tour over the southern division of the road this week.

S. C. Knight, traveling agent of the Jenney Electric Light company, went west this morning on the Pittsburg.

Jesse Evans, of the Nickel Plate ticket office, is at Columbus Grove, O., where he was called by the serious illness of his sister.

Fred Zimmerly, machinist at the Pittsburg shops, has been confined to his home for several weeks with a severe attack of rheumatism.

The superintendants of the western lines of the Pennsylvania railroad met at Columbus, Ohio, yesterday to arrange the summer time tables.

This week the Pennsylvania road will place orders for 150 passenger coaches and 2,000 freight cars. As the equipment is to be used east of Pittsburg, eastern manufactories will be likely to get the contracts.

Supt. G. W. Stevens and Trainmaster H. C. Boughton, of the Wabash, met Superintendent D. S. Sutherland, of the Michigan Central, at Toledo to-day in reference to the inter-change of business between the two roads.

William Swanston, master mechanic of the shops of the Pennsylvania lines at Indianapolis, has been with this company forty-three years, entering their service in 1846 on the Little Miami division of the present system.

John Kvam, for some time past a surveyor for the Grand Rapids and Indiana and the Detroit, Lansing and Northern railroads, has resigned his position and will soon leave for his old home in Norway. He has been appointed to a life position by the Norwegian government.

Joseph L. Gruber, a conductor on the Pennsylvania road, was elected to the council from the Third ward yesterday. Mr. Gruber made a magnificent run. He is a high license man and this combined with his personal popularity led to his election as a republican in a democratic ward.

C. J. Sosenheimer, assistant foreman at the Pittsburg copper shops, was being congratulated this morning over his election as city treasurer. Mr. Sosenheimer is well fitted, by reason of his clerical abilities, for the discharge of the duties of this office and will undoubtedly make a magnificent treasurer.

Michael Maloney, the veteran watchman at gate No. 1 of the Pittsburg shops, still remains on the sick list. Mr. Maloney has been a faithful employe of the company. He is one of the oldest men in the service, having been with the company away back in 1858. It is hoped that he will soon recover and report for duty again.

The east-bound shipments of flour, grain and provisions out of Chicago last week by the different roads were: Pennsylvania, 5,489 tons; Wabash, 3,615; Lake Shore, 5,213; Nickel, Plate, 2,008. The Fort Wayne road heads the list this week for the first time in months, the two Pensylvania lines carrying 29.0 per cent. while the three Vanderbilt lines secured 29.8 per cent.

The election of Robert Cran, as councilman of the Sixth ward yesterday, was received with glad hearts by the employes of the Bass works. Mr. Cran is foreman of the car wheel department and he owes his election to his personal popularity. He is a man of good judgment, has the best interests of the city at heart and will do what he believes to be right in discharging the duties of the office.

Harry Robertson, the lad who had his arm pulled out by a railroad accident several days ago, is still at the St. Joe hospital, suffering from his injuries, but is getting along nicely. His father, Mr. Henry Robertson, of the Pittsburg shops, tells us that his son will get well, the danger point in his case having been passed. The lad bears his injuries bravely, and his many friends will be glad to hear that he will recover.

The Bass works are laying an iron rail track from the railroads to their machine shops and boiler works yards, for the purpose of transferring the heavy machinery manufactured there to the cars for shipment. At the main door of the machine shop a turn table is being put in and the track thus connects with one in the establishment. The arrangement will prove convenient for the loading of their heavy machinery.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. Toes Eaten Off.

Several years ago I was called to see a colored woman who had a malignant form of cancer on her foot. The cancer grew worse under the prescribed treatment, and the toes and one side of the foot were at length entirely eaten away. The patient could not have survived much longer, but I commenced the use of Swift's Specific, and it cured her well and sound. That was three years ago, and their has been no return of the disease. I have also used S. S. S. in many other cases with the best results, and have cured a great many cases of rheumatism with it which had resisted all other treatment. I regard Swift's Specific a most excellent medicine for blood diseases, as its tendency is to drive out the poison.

SCENES OF HORROR!

The Terrible Destruction by Tornadoes and Fires Throughout the Country—The Kansas Cyclone.

HUTCHISON, Kan., May 8.—The wind storm which has been raging over Kansas for the past three days and nights, culminated in a destructive cyclone in the eastern part of Stafford county Monday night. The district visited was but sparsely settled; had it been otherwise, the loss of life and property would have been something terrible. As it is, there is scarcely a vestage of farm property remaining. Houses and barns were demolished, trees torn up by the roots and in many places the growing crops were literally blown out of the ground. Last Saturday the wind began blowing a gale from the south. This continued to increase in velocity throughout Sunday and Sunday night and by Monday it had become a hurricane.

The casualties so far as known are: William Crawford, killed outright, neck broken; William Bolt, fatally injured; Oliver Beard, hurt so that he cannot recover; Jason Beard, internally injured and will die; A. T. Guinup, internally injured; Mrs. Guinup, internally injured, and her babe had a thigh broken and otherwise hurt—the mother is expected to survive; Mrs. Lindsay; seriously hurt; a little girl of Geo. Dove, fatally injured; S. S. Crawford, fatally injured; Mrs. J. Love, seriously injured; Peter Scarlet, leg broken; Mrs. John Bartlett, shoulder blade broken and other injuries, will die; Wm. McVey, internally injured, cannot recover; Joseph Ferris, injured about the head, will die.

The path of the storm lay through Stafford county, extending from the southwest to the northeast, slightly east of the county. The first building struck was the farm house of E. Slade. The house was swept away and hardly a splinter of it left. The family were considerably bruised, but none have died. The next building to succumb was the home of A. L. Guinup; both the house and barn are gone. Mrs. A. Potter, a widow, had her house and stable blown away, but the family escaped uninjured.

The next house in the path of the cyclone was that of Mrs. Lindsay, who lived with her two step-children, Maud and William Blue. The house was torn to pieces and Mrs. Lindsay so injured that she can scarcely recover. George Davis's house was demolished and his little girl fatally injured. S. C. Crawford's residence was blown away and his son William was killed out-right. J. B. Cook's large cattle sheds were destroyed as were J. W. Burns's. J. W. Love's house is a thing of the past, and his wife was thrown north of the house into a wagon to which she clung. It carried her 100 yards further. The spokes in the wheels were either blown out or knocked out by flying timbers. When found Mrs. Love was clinging to the tongue of the wagon. She is so injured that the physicians say there is no hope of recovery.

John Bartlett's house was carried away. His wife was blown one hundred feet away, and a hay rake blow on her, breaking her shoulder blade and her nose, and putting out one eye and injuring her internally. His eldest boy was thrown thirty feet and landed on his head. The three youngest were thrown one hundred feet into a pile of corn stalks and severely injured. Wm. McVoy, aged seventeen, was thrown to the ground and struck by some flying boards from Bartlett's house; he is terribly cut, and it is believed he can not survive his injuries. The storm at Wichita was very violent, raising houses, barns and forest, and injuring many people.

As soon as the news of the cyclone reached Stafford a mass meeting was held and committees organized to carry on the work of relieving the distress in a systematic way. More than 100 people are left homeless and without food or clothing.

FARIBAULT, Minn., May 8.—Yesterday's storm raged here with terrific force all day. Fire started in the timber and destroyed immense quantities of wood, hay, fences and out buildings on the farms. The farmers abandoned their houses and removed everything to the open fields. The damage is $60,000.

A DAY OF FIRES.

SULLIVAN, Mich., May 8—Forest fires ignited this town yesterday noon and burned the larger portion of it. Twenty-five families are rendered homeless and destitute. Loss, $20,000.

PESHTIGO, Wis., May 8.—The Peshtigo company's train was cast into the midst of fire half a mile south of the depot Monday afternoon, and thirteen cars were burned. The loss is $5,000.

CHIPPEWA FALLS, Wis., May 8.—Forest fires are raging at Cleveland. Four farm houses, with their barns and contents, were burned.

EAST SAGINAW, Mich., May 8.—Reports of the destruction of property by fires in the woods still come in. In the township of Kawakawallin, Bay county, five farms have been burned over and everything inflamable destroyed.

WAUSAU, Wis., May 8.—Knox Bros. big saw mill was destroyed by fire yesterday. Loss $50,000.

OSHKOSH, Wis., May 8.—Island Park, a beautiful resort on Lake Winnebago, was burned yesterday. Loss $20,000.

A CHAT WITH MR. HARDING.

THE SENTINEL representative found Mr. Harding in his office this afternoon. "Mr. Harding, have you promised or agreed to give the saloon interests unlawful privileges on the Sabbath?"

"No, sir; emphatically, no!"

"Are you going to enforce the Sunday laws?"

"That remains to be seen. I will let my record answer that question."

Mr. Harding resigned as justice of the peace to-day, and will assume the duties of mayor to-morrow.

ELECTION ECHOES.

Morris Cody before served in the council from 1861 to 1868.

James Fox is opposing Dennis O'Brien for street commissioner.

The mayor and marshal assume the duties of office at once. The clerk and treasurer do not go in until September.

The city board of canvassers met at city hall this morning to verify the vote of yesterday, and declare the result, according to law.

Mr. C. J. Sosenheimer was this morning assured of good and sufficient security. He gives a bond of $500,000, and will have men on the paper worth several times that amount.

Capt. Hugh M. Diehl is an applicant for Mr. Harding's position as justice of the peace. The county commissioners have the appointment and Capt. Diehl will be formidable in the race.

The late Judge J. L. Worden was elected mayor of Fort Wayne as an independent democrat in 1865, on precisely the same issue that Mr. Harding goes in on, "a strict enforcement of the laws."

Mr. Henry Franke was sworn in as city marshal this afternoon, by Mayor Muhler. He will file his bond in the sum of $5,000 to-morrow morning, and assume his official duties then. Mr. Dick Meyer is ready to surrender to him and retire to private life.

At the meeting next Tuesday evening the council will elect a city attorney, school trustee, street commissioner, city civil engineer, chief of the fire department, weighmaster, poundmaster, and marketmaster. At the first meeting in June the council will fix salaries.

A rumor was current this morning that Mr. Harding was ineligible because of the impression that a judicial officer could not aspire to another office. The law says that a judicial officer is not eligible to a non-judicial office, but he is eligible to a judicial office and the mayor is an ex-officio justice of the peace.

Mayor Muhler was at his office at the usual hour this morning and was as pleasant as usual. "A combination of circumstances operated against my election," said his honor, "but it is useless to recount them. I was true to every man on the ticket, and true to the party. I am satisfied and will withdraw as soon as Mr. Harding files his bond and qualifies."

The new council stands six republicans and twelve democrats, just as it did before the election. The democrats lost a councilman in the Seventh ward, Mr. Wessel's vacancy, but gained one in the Second, where Shordon retired, Gruber succeeds Woulfe, but Hilgeman succeeds Kelker. Cran succeeds Williams in the Sixth. Of the old council Shordon, Williams, Kelker and Woulfe retire.

Henry Bowman sues Fred C. Boltz, Joseph Derheimer, H. C. Paul, C. S. Bash and S. B. Bond for $3,000. Swayne & Doughman are his attorneys. Mr. Bowman asserts that the ditch company has trespassed on his land.

Wm. E. Singer and Katie Richards, Fred Busse and Lizzie Hoakemeyer, Jacob Trembel and Mary Fallour, Geo. Braitinger and Amanda Schoimann, Ferdinand Bornkamp and Henrietta Boehnker, have been licensed to wed.

Fanny Davenport drew a large crowd at the Masonic Temple last night. The play was very fine, and much appreciated by those who enjoy that kind of a play.

There is exhibited in the window of L. O. Hull's store, a sample of the "Psernata," which is having a great demand in the east for wall and ceiling decoration. It was recently introduced in the Oriental hotel, New York city, since which time there has been an increasing craze on account of it in Gotham. Mr. Hull told a SENTINEL reporter to-day that he has purchased the sole right to manufacture and sell the "Psernata" in Fort Wayne. Inasmuch as it has no equal for richness and elegance, it is destined to become very popular.

SHE'S A HUMMER!

The above cut represents the HOWARD FURNACE, which obtains by its construction, advantages over all others. It is the most economical, Practical and simple heater yet produced. It has the largest radiating surface, wherein the heat is circulated around and contained in the furnace instead of passing directly into the chimney. This furnace does not burn over one ton of coal a month in the coldest weather and in mild weather less. This furnace will also heat by means of hot water. Thereby reaching distant rooms where hot air cannot. It is low down and can be set in the lowest cellar and still allow hot air pipes to be taken from the top instead of the side of the casing as in all other furnaces. JOHN PRESSLER,

Fort Wayne Sentinel.

R. A. K. HACKETT, Editor and Proprietor.

WEDNESDAY, MAY 8, 1889.

THE New York *Herald* is fifty-four years old.

LET us have a generous observance of Decoration Day.

IT will be twelve months before another election occurs.

IT can easily be seen that the people demand an enforcement of the laws.

JUST twenty years ago Fort Wayne had a republican mayor in the person of Henry Sharp. He served during the years 1867 and 1868.

THERE will fall if Mr. Harding has made a trade with the saloon-keepers and agreed to let them keep their places of business open on the Sabbath day.

THE Law and Order league in Cincinnati is doing effective work. Last Sunday more than 500 saloons were closed and the league is preparing evidence against those which kept open.

CONGRESSMAN OWEN, of the Logansport district, has secured the removal of thirteen railway postal clerks and the appointment of thirteen of his constituents in their places. The proof of incompetency of the clerks removed was furnished by Congressman Owen's statement that they were democrats, and so opposed to him. This should have promoted the men.

JUDGE JOHN H. STOTSENBURG, of New Albany, is said to have the only complete set of Indiana laws in existence. He completed the set only a short time ago with the laws passed in 1800 by the governor and judges of Indiana territory. In the volume mentioned are found laws passed in 1804 for the district of Louisiana, and, curiously enough, among these are found sections relating to slaves.

IT is the opinion of State Superintendent LaFollette, judging from the reports that have been received, that the enumeration of school children in Indiana this year will show a smaller proportion than in previous years, the decrease in some counties being from 300 to 500. This is due, he believes, to the care of the persons taking the enumeration to make it correct. In his instructions the superintendent requires affidavits from the enumerators and it is already evident that it will have a good effect. Fort Wayne, too, may regain her position as the third city in the state on the school calendar.

OUR DEFEAT YESTERDAY.

With to-day dawns a change in the municipal management. The official career of Mayor Charles F. Muhler ends and Mr. Daniel L. Harding assumes the duties and responsibilities as chief magistrate of the city of Fort Wayne.

Mr. Harding will find the fiscal affairs of the city in splendid condition, for Mr. Muhler's management of the varied and growing interests of the city was of the highest character, and in this respect he enjoyed the confidence and good will of the whole people.

In and out of season THE SENTINEL has maintained this position. It has also expressed its personal admiration for Mr. Muhler as a man and citizen. The very best part of his life he has given to the city of Fort Wayne. As councilman, chairman of the finance committee, and as mayor, it was he who wrenched depreciated city orders from the hands of speculators and raised them to par value, elevating at the same time the city to a cash basis.

His sterling honesty, his unimpeachable integrity and clear business tact permeated all the departments.

But the liberality of his nature and warmth of his heart led the saloon interests to continue their infractions of the law, and with them flourished the kindred vices. Believing an enforcement of the laws to be the community's only safeguard, THE SENTINEL argued for reform.

It did so because it felt that the people wanted relief and would sustain such a course, for on every hand were exhibited its crying needs. The Sabbath was scandalously desecrated, minors were permitted to cultivate the drinking habit, the sons of good parentage were led astray, and husbands, brothers and fathers to worse fates, heaping all the sorrows on their silent and suffering families.

The demands for a proper enforcement of the statutes were not untimely and having made them in the highest sense of honor, in the interest of humanity's holiest cause, THE SENTINEL could not retrace its steps and place itself in a false light before the community.

Mr. Harding can very plainly see the errors that led to Mr. Muhler's defeat. It remains to be seen what course he will pursue.

MAX NIRDLINGER.

His Petrole Fuel is Taking Big in the Northwest.

The Minneapolis *Tribune* says:

"A test was made yesterday morning of the new fuel known as petrole for the benefit of the members of the board of trade. The fuel is manufactured from sawdust, straw, cornecobs, tanbark, coal screenings, or any material which will absorb oil. A number of prominent manufacturers were present at the test and were well pleased with it. A company for the state of Minnesota will be organized soon in Minneapolis.

"The vice president, E. E. Steele, and Secretary McMillan, of the national association of stationary engineers, with A. Bonnett, editor of their official journal, last night tested the petrole at the Holmes house boiler, between the hours of 7 and 12. These hours were chosen because then the greatest amount of power is needed, as 400 incandescent lights are running, and the elevator, etc., and about a ton of coal is generally consumed. A number of capitalists and other gentlemen interested in the test were present. The test was a careful and systematic one, and, as everything ran smoothly, the results will be very satisfactory."

A GREAT FIELD.

Not a Dry Well in the Blackford County Territory.

The Hartford City *Times* says:

"The wells to be used in supplying the Fort Wayne pipe line are of great capacity. The smallest well produces daily over a million and a half feet, while the largest is estimated at more than twelve million. The average of wells supplying the Standard's Toledo line is less than a million feet each. We are proud to state that Blackford county leads in quantity. It is quite true, as we have observed before, that Blackford county gas stinks, and we are glad of it. No man who has the sense of smell will be asphyxiated by Blackford county gas. It is said its stink will stop a clock in a tight room, but we doubt it. Twenty wells have been put down testing all the territory in the county and not a dry hole has been found. Yes, Blackford is the greatest gas county in Indiana.

Which has the tears of countless millions dried.

A NEW ROAD.

It is Projected From St. Joseph, Mich., to Fort Wayne.

Contractor Wm. McIvor, of South Bend, is at work with a big force of men and teams building a line between that point and St. Joseph, where the right-of-way is all secured.

Mr. McIvor is working under the direction of William Dallin, of Chicago. The road bed is to be completed and ready for the rails by July 15, and the track is to be completed and trains be running by October 1.

The people who are backing the enterprise have the money to push it through. Next year it will be built on to Fort Wayne in a direct southeast line from South Bend, via Milford Junction, Kosciusko county, where it crosses the Cincinnati, Wabash and Michigan and Baltimore and Ohio railroads. As near as can now be ascertained the line will be a feeder for the great Pennsylvania system, one of the most powerful in the United States, and crosses a country singularly free from railroads.

The line will be of immense advantage to this city's manufacturing interests, for it brings them in direct connection with lake trade in lumber and iron and brings the city much nearer to the Michigan fruit regions and also the richest of Berrien county's fruit farming interests.

JOLIET, ILL.

J. M. LOOSE RED CLOVER CO.—I purchased a box of your Red Clover Pile Ointment of F. P. Goliday, at this place, after using various other ointments without effect. I used several applications of the Red Clover Ointment and have not had any trouble since. I now believe I am permanently cured. My case was not one of the worst, but I have suffered with them over a year, and bled so much I became greatly reduced in flesh. Your ointment acted miraculously, and I am only too glad to speak to the many sufferers of this painful disease. If it cures all who use it as quickly as it did me, you will sell a great deal of it. But I am convinced your Pile Ointment was made to cure, and not like the many others I have tested, to defraud. It is a pleasure to me to say, the Red Clover Pile Ointment has been a priceless blessing to me, and I know it will prove such to others who will try it.

Respectfully, I. V. PARK.

Hood's Sarsaparilla

do so this season. It is a thoroughly honest and reliable preparation, purely vegetable, and contains no injurious ingredients whatever. Thousands who have taken it with benefit testify to its peculiar curative power.

"I take Hood's Sarsaparilla as a spring tonic, and I recommend it to all who have that miserable tired feeling." G. PAHMELEE, 303 Bridge Street, Brooklyn, N. Y.

Purifies the Blood

"Every spring for years I have made it a practice to take from three to five bottles of Hood's Sarsaparilla, because I know it purifies the blood and thoroughly cleanses the system of all impurities. That languid feeling, called 'spring fever,' will never visit the system that has been properly cured for by this never-failing remedy." W. H. LAWRENCE, Editor Agricultural Epitomist, Indianapolis, Ind.

A Perfect Laxative

should be mild, prompt, and pleasant, with no griping or purgative effects. It should also incite the liver to action, and digestion, and remove the kidneys. Like nothing else, Paine's Celery Compound is a perfect laxative, and cures constipation where all other remedies fail.

"As a gentle laxative, Paine's Celery Compound is surely without a peer. I think I ought to know, since I have tried remedy after remedy for about two or six years and have found nothing that equals it in any respect whatsoever." J. B. JENKINS, Teacher, Clyde's Creek, Tenn.

"Paine's Celery Compound is prompt and pleasant. As a laxative it leaves little to be desired. I have great confidence in its merits." ALBERT LEONARD, *Associate Editor, Journal of Pedagogy*, Athens, Ohio.

"For two or three years I suffered intensely every night with severe pains in my bowels, which were habitually constipated. My bowels are now regular, and I have had no return of those pains since using one bottle of

We can show you finer WORK than any firm in the city, and more of it than all others put together. When we complete a handsome piece of decorating, the would-be decorators send up their voices in one us, "me too," "me too," and then try to copy our work. "Imitation is the sincerest flattery." Don't take imitation in imitate. Hence they give you now the style of papering and decorating we did last year. Mr. F. L. Fort, of the "Times," Chicago, Ill., writes: "I find it to be most beneficial in my case." (Insomnia.)

Dr. John W. Powell, Peoria, Ill., says: "Mrs. Josies has received the most gratifying results from the use of Hoptonic."

Dr. H. Perrin, formerly of the International Throat and Lung Intstitute, Montreal, now at Boston, Mass., says: "I had heard so much regarding Hoptonic and being a great sufferer from Insomnia and Dyspepsia caused by close confinement to business, I concluded to test its merits personally. I have the satisfaction of acknowledging that I have received the greatest benefit from its use; that it is all it has been represented to be, and I recommend it to all who may be suffering from the same complaint I was. I have used Hoptonic repeatedly in my practice, and I am free to say that in every case with the most happy results."

LONG LIFE.

There is nothing in the world more generally desired than long life, yet the majority of people put off caring for their health—not because they are really careless, but because we live our lives at such a pace we have not time to give the subject sufficient thought until we receive a reminder in the shape of a severe illness.

Then, too, we are constantly bewildered by the various schools of medicine, and the physicians who represent them, and often blunder in our choice of a doctor.

If people only knew that the very best health-keeper, life-preserver and disease preventer that has yet been discovered, is simmered down into a concentrated and very palatable form in the shape of New Style Pleasant Taste Vinegar Bitters, they would not hesitate a moment to try it.

But they do not know. How can they know, when so many not only worthless, but positively injurious drugs are constantly flooding the market under various names and guises, that the New Style Vinegar Bitters is as bad as any of them?

They do not know, of course, unless they have the courage to try the New Style. It straightens out a tangled-up system in a very short while, and those who buy it once buy it always.

Why don't you try it, reader? It is sent out by a responsible house, and is exactly as represented. It costs but a dollar for a very large bottle. Try it once and you will never be so glad of anything in your life. Your druggist may not have it, but he will order it for you. Be sure it says New Style Pleasant Taste on carton and bottle before you take it. Try it, and you will feel happier than if you had found a gold mine, for it really is a mine—of health.

Free from alcohol and opium; composed of expensive herbs and roots, with fine, delicate flavoring.

THIRD POINT You should read the CHICAGO DAILY NEWS because it's *an independent newspaper.* There are two sides to every political question, and THE DAILY NEWS gives them both with equal fairness. A party organ magnifies one side and dwells the other. No sensible man wants to be trifled with in this fashion. The time has come when American citizens expect to inherit their political opinions. They want to make them their own—and to do this they want a paper to tell them the truth, regardless of their own personal preferences. If you are an honest man, independent and self-reliant in thought, read an honest and independent newspaper—read THE CHICAGO DAILY NEWS.

Remember—Its circulation is 200,000 a day—over a million a week—and it costs by mail 65 cts. a month, four months $2.60,—*one cent a day.*

WEDNESDAY, MAY 8, 1889.

A QUIET DAY.

Such is Proved to Be Around the Railroads and Manufacturing Centers To-day.

Ticket Agent Ross, at the south depot yesterday sold $1,200 worth of railroad tickets.

The Pennsylvania sent quite a party to New York last evening to sail for Europe.

Jos. Wooff, of the Pittsburg shops, has resumed work after a few days absence on account of rheumatism.

The Grand Rapids officials are making an inspection tour over the southern division of the road this week.

S. C. Knight, traveling agent of the Jeaney Electric Light company, went west this morning on the Pittsburg.

Jesse Evans, of the Nickel Plate ticket office, is at Columbus Grove, O., where he was called by the serious illness of his sister.

Fred Zimmerly, machinist at the Pittsburg shops, has been confined to his home for several weeks with a severe attack of rheumatism.

The superintendents of the western lines of the Pennsylvania railroad met at Columbus, Ohio, yesterday to arrange the summer time tables.

This week the Pennsylvania road will place orders for 150 passenger coaches and 2,000 freight cars. As the equipment is to be used east of Pittsburg, eastern manufactories will be likely to get the contracts.

Supt. G. W. Stevens and Trainmaster H. O. Boughton, of the Wabash, met Superintendent D. S. Sutherland, of the Michigan Central, at Toledo to-day in reference to the inter-change of business between the two roads.

William Swanston, master mechanic of the shops of the Pennsylvania lines at Indianapolis, has been with this company forty-three years, entering their service in 1846 on the Little Miami division of the present system.

John Krain, for some time past a surveyor for the Grand Rapids and Indiana and the Detroit, Lansing and Northern railroads, has resigned his position and will soon leave for his old home in Norway. He has been appointed to a life position by the Norwegian government.

Joseph L. Gruber, a conductor on the Pennsylvania road, was elected to the council from the Third ward yesterday. Mr. Gruber made a magnificent run. He is a high license man and this combined with his personal popularity led to his election as a republican in a democratic ward.

C. J. Sosenheimer, assistant foreman at the Pittsburg coppershops, was being congratulated this morning over his election as city treasurer. Mr. Sosenheimer is well fitted, by reason of his clerical abilities, for the discharge of the duties of this office and will undoubtedly make a magnificent treasurer.

Michael Maloney, the veteran watchman at gate No. 1 of the Pittsburg shops, still remains on the sick list. Mr. Maloney has been a faithful employe of the company. He is one of the oldest men in the service, having been with the company away back in 1858. It is hoped that he will soon recover and report for duty again.

The east-bound shipments of flour, grain and provisions out of Chicago last week by the different roads were: Pennsylvania, 5,489 tons; Wabash, 3,615; Lake Shore, 5,218; Nickel, Plate, 2,008. The Fort Wayne road heads the list this week for the first time in months, the two Pennsylvania lines carrying 29.0 per cent. while the three Vanderbilt lines secured 29.8 per cent.

The election of Robert Cran, as councilman of the Sixth ward yesterday, was received with glad hearts by the employes of the Bass works. Mr. Cran is foreman of the car wheel department and he owes his election to his personal popularity. He is a man of good judgment, has the best interests of the city at heart and will do what he believes to be right in discharging the duties of the office.

Harry Robertson, the lad who had his arm pulled out by a railroad accident several days ago, is still at the St. Joe hospital, suffering from his injuries, but is getting along nicely. His father, Mr. Henry Robertson, of the Pittsburg shops, tells us that his son will get well, the danger point in his case having been passed. The lad bears his injuries bravely, and his many friends will be glad to hear that he will recover.

The Bass works are laying an iron rail track from the railroads to their machine shops and boiler works yards, for the purpose of transferring the heavy machinery manufactured there to the cars for shipment. At the main door of the machine shop a turn table is being put in and the track thus connects with one in the establishment. The arrangement will prove convenient for the loading of their heavy machinery.

The peculiar, purifying and building up powers of Hood's Sarsaparilla make it the very best medicine to take at this season.

Dr. Wilkens, of Chicago, is about to sue Rev. Schwandtforth, who claims to be Christ, for $25,000 damages for alienating his wife's affections.

PAINESVILLE, O.

J. M. LOOSE RED CLOVER CO., Detroit.—I have used your Solid Extract Red Clover with perfect success and take great pleasure in recommending its use to any afflicted with Scrofulous or Cutaneous affections, believing it (from my own experience) to be a most efficient blood purifier.

Three days is a very short time in which to cure a bad case of rheumatism; but it can be done, if the proper treatment is adopted, as will be seen by the following from James Lambert, of New Brunswick, Ill.: "I was badly afflicted with rheumatism in the hips and legs, when I bought a bottle of Chamberlain's Pain Balm. It cured me in three days. I am all right to-day; and would insist on every one who is afflicted with that terrible disease, to use Chamberlain's Pain Balm and get well at once. For sale by George H. S S S Swift's Specific has cured me of a malignant breaking out on my leg, which caused intolerable pain. It was called Eczema by doctors—four of whom treated me with no relief. I candidly confess that I owe my present good health to S. S. S., which in my estimation is invaluable as a blood remedy.
MISS JULIA DEWITT,

Our baby when two months old was attacked with Scrofula, which for a long time destroyed her eyesight entirely, and caused us to despair of her life. The doctors failed to relieve her, and we gave Swift's Specific, which soon cured her entirely, and she is now hale and hearty.

Toes Eaten Off.

Several years ago I was called to see a colored woman who had a malignant form of cancer on her foot. The cancer grew worse under the prescribed treatment, and the toes and one side of the foot were at length entirely eaten away. The patient could not have survived much longer, but I commenced the use of Swift's Specific, and it cured her well and sound. That was three years ago, and their has been no return of the disease. I have also used S. S. S. in many other cases with the best results, and have cured a great many cases of rheumatism with it which had resisted all other treatment. I regard Swift's Specific a most excellent medicine for blood diseases, as its tendency is to drive out the poison.
